Introduction to the ELEVATE Strategic Partner Program
Global Reach, Local Insights

Roundtables, group calls, and webinars

We support peer learning, the exchange of best practices and challenges, and solutions-orientated discussions.

We do so through in-person roundtables, group calls and webinars. We leverage the expertise of both, our own and external subject matter experts, to help inform the strategies and programs of our Strategic Partners.

Country factsheet series

Overview of national sustainability priorities

Community Investment related legislation

Regional trends report

Tracking the Trends

+ Annual publication providing deep, on-the-ground insight to Asia-Pacific’s sustainability opportunities and challenges.
+ Based on interviews with corporate sustainability practitioners, experts, and thought leaders across eleven countries in the Asia-Pacific region.
